

GLM Metal Polishers

Quotes – If at all possible please send through a photo of what you would like us to polish as there are so many variations on the market now we have trouble keeping up! All quotes are valid for three months.

Courier Service – We are able to give you an exact price for shipping once we know the weight and dimensions of the boxed item. Unfortunately this is the way the couriers work so is the way we must work. The trick to get the lowest postage rate is to pack your items in as small a package as possible.

Prior to polishing – Please can you strip the parts as much as possible prior to sending or dropping off for polishing. We do not have the tools required to remove tyres etc and do not have the mechanical skills required to take some things apart – just the skills to polish them! If you are unsure just give us a call for advice.

Payment – All goods must be paid for and payment cleared before goods are sent back. For larger companies we do offer invoice terms – please contact us for details.

Have a question – call us on (08) 8383 7072 (mobile 0405 942125) ask for Greg

Email us – contact@glmmetalpolishers.com.au
